I would like to start off by congratulating the newly elected officers for 2013 -2014. Our Knight of the Year was Gregg Pellegrin and our Family of the Year was Kervin and Anne Voisin. Gregg, Kervin and Anne are very worthy of these awards and do much during the year to help the knights. Thank you for your time devoted to the Knights of Columbus Organization.

The past two years were very interesting and we did very well at the state level thanks to everyone involved. In July Gregg will take over as Grand Knight and I am looking forward to working with him in the coming year.

Vivat Jesus;

Thomas Guidroz

Parliamentarian

Mary Melian-876-0055

My first duty as incoming president will be to thank Jean for being president the last 2 years. It's not a hard job but one that is constant to be able to stay on top of things. Jean, you did an excellent job for the last 2 years. Thank you!

I also want to say thank you to Barbara who went off the board last year after serving 12 years and to Sandra who has gone off after serving for the last 11 years. They have done an excellent job. We know you will be there helping us in all that we do. Thank you Sandra and Barbara!

As of this newsletter we have no theme for the coming year. We have used so many of them in the last 14 years. This week I will devote some of my time to this, hopefully I will find one.

This year we are starting our 15th year as an auxiliary. Working together, we can continue to be strong, to be a visible presence in our church and community. With that said I would like to encourage our members who are active in other areas of our church parish to consider taking part in some of our activities, it doesn't have to be all of them (unless you want too). Our auxiliary is 52 members strong. Together we can be powerful!!!

Praying for you,
May your Guardian Angel keep you safe and strong,

Ellen Ledet
President

Insurance

A founding notion: protecting the breadwinner's income

While jobs are safer in 2013, accidents, injuries, and illnesses that can impact your ability to work still happen. Most, in fact, do not happen on the jobsite or place of employment. Did you know that a 2011 study revealed that more than 95 percent of the long-term disability claims on file were not work related?

The "loss" of the breadwinner does not have to mean that person's death; it can also mean the loss of the breadwinner's income. Consider that loss for a moment. How would your family fare if a source of income suddenly stopped? Could a dual-income family manage on one income stream? What about young families with a working father and a mother who cares for the children? What if his income halted due to an accident or illness?

I've heard some people say they have coverage at work, but too many aren't sure what this coverage entails, how much income it would provide or for how long. Having this protection counts for something, certainly, but it isn't "yours"; it's provided by the company for which you work at their discretion. It could be eliminated tomorrow.

That's where a personally-owned disability income insurance product, like Income Armor, comes into play. It can offer valuable income replacement in the event of an injury or illness. While Father McGivney likely never imagined such a product in 1882, I'm sure he would wholeheartedly endorse the protection it can provide to a family. If you have a job, you must know about this coverage.

Funny Bone!!

Boudreaux and Thibodeaux entered a chocolate store. As they were looking at the candy, Thibodeaux stole 3 chocolate bars.

When they left the store Thibodeaux said to Boudreaux, "I'm the best thief. I stole 3 chocolate bars and no one saw me put them in my pocket. You can't beat that."

Boudreaux replied: "You want to see something better? Let's go back to the shop and I'll show you real stealing. I'll steal while the shopkeeper is watching me and he won't even know."

So they went to the counter and Boudreaux said to the shopkeeper: "Do you want to see a great magic trick?"

The shopkeeper replied: "Yes."

Boudreaux said: "Give me three chocolate bars." The shopkeeper gave him three chocolate bars and Boudreaux ate all three.

The shopkeeper asked: "But, where's the magic?"

Boudreaux replied: "Look in Thibodeaux's pocket . "
