Have you insured your most valuable asset?

Is your income protected if you become sick or injured and cannot work? Your ability to work and earn an income is your most valuable asset. Yet a disability could prevent you from earning that income. Just one year of a disability could eliminate your savings.

I would like to show you that Income Armor, an individual disability income insurance product from the Knights of Columbus, should be a key part of your overall financial plan and family's protection. If you are ill or injured, Income Armor provides monthly benefits to help you meet living expenses and *maintain your* standard of living. Your monthly benefits help you pay your mortgage and other monthly bills, while your savings and retirement assets remain intact.

In short, if you have a job and don't have a way to protect that paycheck, you should seriously consider Income Armor today. I look forward to meeting with you.
